Client Preparation Guide

Help your clients understand what to expect during the inspection:

1. **Duration:** Inspections typically take 2-4 hours depending on property size.
2. **Attendance:** Clients are encouraged to attend, ask questions, and observe the process.
3. **Outcomes:** Clients will receive a detailed inspection report summarizing findings.
4. **Limitations:** Inspections are non-invasive and will not include hidden areas.

Be prepared to address client concerns and provide guidance for next steps based on the inspection findings.
