How to Prepare for an Inspection Checklist

Prepare your property for a smooth inspection with this checklist:

1. Unlock all doors and gates.
2. Ensure utilities are on and accessible.
3. Clear access to attics, basements, and crawl spaces.
4. Secure or remove pets from the property.
5. Provide documentation of repairs or maintenance.
6. Remove obstructions from key areas (e.g., under sinks, around HVAC systems).
